

# What is the JOY PROJECT?

When customers donate to the Joy Project, they are doubling their impact, funding activities for Girl Scouts and ensuring cookies are delivered to worthy organizations! If your troop participates, Girl Scouts of Greater Iowa will arrange for delivery to non-profits around the council. Girls who have at least six donations credited in Smart Cookies will earn the Joy Project patch.

Gives customers who don't want cookies a way to support Girl Scouts

Helps girls learn to give back to their communities

Available through online sales

## *There are two ways to accept donations*

### **THE JOY PROJECT**

For each \$4 donation by customers, the TPM assigns one "cookie share" in Smart Cookies

Girls earn the Joy Project patch for having at least 6 donations

GSGI donates cookie varieties to various non profit outlets around Iowa; cookies do not come from your troop's inventory

### **TROOP COOKIE DONATIONS**

For each \$4 donation by customers, the TPM assigns to girls in the form of selling a package

Troop makes a delivery to the local outlet of their choice, using cookies from your troop inventory

There is no patch for this method
