THE FUN PART

1. Cut the sleeves off the t-shirt
2. Cut around the neckline
 - For a guide – turn the t-shirt inside out, place a bowl halfway on the neckline, trace with a marker to create your cut line.
3. Turn the t-shirt inside out and trace a line across the bottom about 3 inches from the hem.
4. Cutting through both the front and back of the shirt, make fringe by cutting slits from the bottom of the shirt to the line. Each fringe piece should be about an inch wide.
5. Tie each pair of fringe in a double knot until all fringe pieces are tied along the bottom of the bag.
6. Turn the shirt right side out and your bag is all done!
7. Way to go! You did it! Share on social media with your caregiver's permission. Use the hashtag #GSGIDIY
